

# Canada-Korea Conference 2018

"Ingenuity: Fourth Industrial Revolution"

Richmond Conference Centre, Vancouver, BC, Canada

June 17-20, 2018

## Call for Abstracts

Canada-Korea Conference on Science and Technology (CKC) is an international conference jointly organized by the Association of Korean Canadian Scientist and Engineers (AKCSE) and the Korean Federation of Science and Technology Societies (KOFST). Fostering collaborations between Canada and Korea has been the key focus of conference. CKC has brought together scientists, engineers, entrepreneurs and young students from Canada and Korea, and provided an important platform to build network, share knowledge and develop collaborative research. CKC features Technical sessions, Joint Research Canada-Korea R&D collaboration programs, Research Day as well as Young Generation Program.

**Abstracts are sought to address theoretical and applied research issues related to a diverse range of disciplines in Science and Engineering.**

All abstracts must be technical in nature. One-page abstracts will be peer-reviewed. Selected abstracts will be presented in technical sessions (oral presentation). Poster presentations will also take place during the conference. All poster presenters must make a "one-minute elevator pitch" on June 19. The abstracts will be published in the conference proceeding.

### **Abstract Deadline: May 15<sup>th</sup>, 2018**

At least one of the authors must register for the conference and present the abstract (a participant can submit a maximum of two abstracts). Please follow the instructions for the preparation of abstracts, oral and poster presentations at the [CKC 2018 website](#)

*For selected high caliber abstracts, the conference organizer will provide financial awards for selected oral presenter(s) for the conference.*

### **Exhibition**

Various companies, research institutes, and funding agencies will host exhibition during the conference.

### **Contact**

Conference Co-Chair, Dr. Gap Soo Chang
